9 February 1967

MEMORANDUM FOR THE RECORD

Morning Meeting of 9 February 1967

DD/I outlined the progress made by the Cartography Division of OBI in the last two years in developing techniques to use ADP equipment in the construction of maps.

DD/I noted that FBIS coverage on China is now being printed in a separate daily book.

Godfrey said that the Soviet Embassy personnel in Peking may be able to hold out longer than we had thought, inasmuch as the East Europeans have been able to get several tons of supplies in to them. He noted that OCI has been working on a memorandum concerning the effect of a Sino-Soviet break on Soviet aid to Vietnam and that he will be reviewing the draft today.

DDCI reported that the disarmament Estimate is still on the USIB agenda but only from the viewpoint of the timing of its completion.

reported on his discussion of various items with

DD/S discussed the demonstrations at Columbia University yesterday and said that today's interviews will be conducted at the New York office rather than on the campus.

Allen for Carver opined that the truce violations during the Tet holiday were more the result of U. S. patrol activity than Viet Cong plans.

Allen called attention to a Saigon Embassy cable on the character of the National Police Director.

Warner said that Representative Thomas Morgan, Chairman of the House Foreign Affairs Committee, would like the Director to brief on 21 February.

The Director agreed to meet with Bross on a draft of the reply from Secretary Vance to the "twenty questions."

DDCI reported he had informed Admiral Lowrance that the Agency considers that the last parts of the infiltration paper before USIB constitute the subject for a separate Estimate. DD/I pointed out that it is erroneous to estimate North Vietnamese intentions to prosecute the war on infiltration figures alone.

X1

The Director noted that he will meet with the Mahon committee at 1000 on 15 February and with Representative Morgan's committee the following week. He asked to meet with the DD/I and Warner this afternoon to work out the necessary arrangements.

The Director discussed yesterday's NSC meeting.

The Director noted that he asked the DD/I to examine the Algerian situation further.
